

The Ministry for Education and Employment is embarking on the 'I Choose' initiative for another year, targeting all 4th & 5th formers. This will be another opportunity whereby our students can explore further career options as they leave compulsory education.

The 'I Choose - Nagħżel il-Karriera Tiegħi' event, will enable our students to make informed choices about their future. The event will include all post-secondary educational institutions and entities under one roof. The students will also be offered the opportunity to seek one-to-one guidance from the career guidance practitioners who will be available throughout the event. The programme also includes the possibility for both students and parents to attend different talks which will be delivered by professionals in various related fields. The overall aim of this event is to help students to overcome difficulties and doubts related to their future career paths.

MINISTRY FOR EDUCATION AND EMPLOYMENT
